The King Hall Legal Foundation (KHLF) Board of Directors (Board) thanks you for participating on the KHLF Bar Grant Committee for 2012. Your scoring will help us award bar grants to graduating law students who have demonstrated a commitment to public interest and will continue to work in the public interest field after graduation. Below is a section from the KHLF bylaws that should assist you in scoring the applications. KHLF bar grants should be consistent with the primary purpose of the Foundation.

**KHLF’s bylaws state that the primary purpose of the corporation is:**

- **To assist or engage in public-interest projects:**
  - To raise the economic, educational and social levels of low-income, under-privileged individuals and groups and to foster and promote community-wide interest and concern for the problems of such communities to the end that (1) racial tensions, prejudice, and discrimination of all forms may be eliminated; (2) sickness, poverty, and crime may be lessened; and (3) educational and economic opportunities may be expanded among the residents of low-income communities.
  - To focus community-wide attention on environmental concerns and to foster the improvement and maintenance of the environment.

- **To assist current law students to engage in work that shall provide representation in the public interest or representation for victims of racial, sexual, or other discrimination, for disadvantaged minorities, and for those denied human rights in criminal or civil matters.**

The KHLF Board expects that you consider all applications on an equal basis. KHLF expresses no preference between environmental, public interest, public defender, and other qualified service work that applicants may have done in the past or plan to do in the future.

**Considering these organizational interests, please score the respective proposals using the questions on the opposite side of this sheet.**

After scoring all applications, please review them and make sure that the scores accurately rank the applicants. If there are tie scores, please assess which of the applications is stronger and score accordingly.
